

**Notice of Beijing Municipal Science & Technology Commission, Beijing Municipal Commission of Development and Reform, Beijing Municipal Construction Committee, Beijing Municipal Bureau of Industrial Development and the Administration Committee of Zhongguancun Science Park on Printing and Distributing the Measures of Beijing Municipality for the Confirmation of Independent Innovation Products (for Trial Implementation)**

Promulgation date: 12-12-2006  
Effective date: 12-12-2006  
Department: BEIJING MUNICIPALITY  
Subject: SCIENCE & TECHNOLOGY

Notice of Beijing Municipal Science & Technology Commission, Beijing Municipal Commission of Development and Reform, Beijing Municipal Construction Committee, Beijing Municipal Bureau of Industrial Development and the Administration Committee of Zhongguancun Science Park on Printing and Distributing the Measures of Beijing Municipality for the Confirmation of Independent Innovation Products (for Trial Implementation)  
(No. 731 [2006] of Beijing Municipal Science & Technology Commission)

All the relevant entities:

In order to implement Some Supporting Policies of the State Council for Implementing the National Outlines for Medium and Long-term Planning for Scientific and Technological Development (2006-2020) and the Opinions of Beijing Municipal Party Committee and Beijing Municipal Government about Strengthening the Independent Innovation Capacity and Constructing the Innovation Municipality, bring the promotion role of public finance to independent innovation into full play, enhance the independent innovation capacity of enterprise subjects, and bring along high technology industries to develop fast, Beijing Municipal Science & Technology Commission, Beijing Municipal Commission of Development and Reform, Beijing Municipal Construction Committee, Beijing Municipal Bureau of Industrial Development and the Administration Committee of Zhongguancun Science Park have jointly formulated the Measures of Beijing Municipality for the Confirmation of Independent Innovation Products (for Trial Implementation), which are hereby printed and distributed to you, please implement them seriously.

Annex: Measures of Beijing Municipality for the Confirmation of Independent Innovation Products (for Trial Implementation)

December 12, 2006

Annex:

Measures of Beijing Municipality for the Confirmation of Independent Innovation Products (for Trial Implementation)

These Measures are formulated in order to implement Some Supporting Policies of the State Council for Implementing the National Outlines for Medium and Long-term Planning for

Scientific and Technological Development (2006-2020) and the Opinions of Beijing Municipal Party Committee and Beijing Municipal Government about Strengthening the Independent Innovation Capacity and Constructing the Innovation Municipality, bring the promotion role of public finance to independent innovation into full play, enhance the independent innovation capacity of enterprise subjects, and bring along high technology industries to develop fast.

The focus of these Measures will be put on supporting the technologies, products or services in the fields of information technology, biological medicine, new materials, optical-electronic-machinery integration, energy saving and environmental protection, cultural originality and other fields to be developed by Beijing Municipality with priority.

#### I. Standards for the Confirmation of Independent Innovation Products

i. An enterprise shall meet the following requirements for applying for the confirmation of an independent innovation product:

1. It is a new and high technology enterprise with independent legal person qualification as registered within Beijing;
2. It has an sales income of 5 million yuan or more in the previous year; and
3. It has a special research and development institution or department, and it has input 5% or more of its sales incomes of the previous year into the research and development of new and high technologies and relevant products.

ii. A product applied for the confirmation shall meet the following requirements:

1. The product conforms to the provisions and requirements in the Government Procurement Law, as well as the direction of public financial expenses and the requirements of government procurement;

2. The product has an explicit independent intellectual property (it shall meet any of the following requirements):

- (1) It has obtained the patent right (invention patent or utility model patent) as approved by the State, patent rights of integrated circuit layout design, software copyright, copyright, trademark right or any other intellectual property; or
- (2) Its intellectual property formed through original innovation, integrated innovation, introduction, absorption and re-innovation is clear, is not involved in any property dispute, and has core technology and independent brand.

3. The product is mature and has a certain market demand (it shall meet any of the following requirements):

- (1) Its performances are stable, its sales incomes of the previous year amount to 2 million yuan or more, its domestic market share of the previous year is 20% or more or its sales incomes for the recent two years are increased by 20% or more; or
- (2) Those new products produced for the first time or for the first batch shall not be restricted by the aforesaid paragraph if they can fill up domestic market gap and can be those for initial government procurement.

4. The product shall contain fairly high-level innovation and advanced technology, and there are relevant materials that can prove its innovation level. The product in any special industry shall also comply with relevant State industrial administrative provisions, and a corresponding industrial approval certificate shall also be provided.

5. The products incorporated into the national or Beijing science and technology plan, products that have been granted with national or Beijing science and technology awards, products that are transformed from Beijing new and high technology achievements upon confirmation, famous products, as well as the products with famous brands shall be confirmed as independent innovation products with priority.

## II. Examination and Confirmation

The Beijing Municipal Independent Innovation Products Confirmation Team composed of Beijing Municipal Science & Technology Commission, Beijing Municipal Commission of Development and Reform, Beijing Municipal Construction Committee, Beijing Municipal Bureau of Industrial Development and the Administration Committee of Zhongguancun Science Park shall be responsible for organizing and implementing the confirmation of independent innovation products of Beijing. The confirmation and application of independent innovation products will be carried out once every half a year, and the said Confirmation Team shall organize the experts for appraisal on the basis of the preliminary examination of products under application. The products that have passed the expert appraisal will be announced to the society for three weeks in the name of the Confirmation Team, and the Confirmation Certificate of Beijing Municipality for Independent Innovation Products will be issued upon verification to those products to which no objection has been put forward after the conclusion of the announcement period, and the catalogue of independent innovation products of Beijing Municipality will be regularly announced to the society.

i. The independent innovation products as confirmed will be valid for three years, and those independent innovation products with a long technological circle will be valid for five years upon approval.

ii. The independent innovation products as confirmed will be reviewed once every year within the valid term. With respect to those products that are found to be unqualified upon examination, the name and qualification of independent innovation products will be cancelled, and a notice will be circulated to relevant departments.

## III. Other Provisions

1. These Measures shall come into force as of the date of promulgation, and the power to interpret these Measures shall remain with the Beijing Municipal Independent Innovation Products Confirmation Team.

2. These Measures shall be experimentally implemented at first within Zhongguancun Science Park.
